Gourmet sandwich shop to open in Round Rock

ROUND ROCK, Texas- NAI Austin has leased 1,700 square feet of retail space in Round Rock's medical and retail district to Jimmy John's Franchise, LLC, which plans to open a Jimmy John's Gourmet Sandwiches restaurant later this year. The tenant was represented by Sherry Sanchez and Travis Waldrop of NAI Austin.

The franchise, to be located in the University Commons retail center at 200 University Blvd, Suite 300, will serve the growing area along University Boulevard. The medical district is currently home to Scott & White Medical Center, Round Rock Higher Education Center and the new Seton Medical Center which will open in February. Future development includes an expansion campus for Texas A&M's medical program.

The new restaurant will be the chain's second location in Round Rock. Jimmy John's boasts fresh, top-shelf ingredients, tasty sandwiches and affordable prices.
